**Disclosure**

All data, including resource estimates and the drill results tabulated, are historical and were prepared before the introduction of National Instrument 43-101 – Standards of Disclosure for Mineral Projects ("NI 43-101"). They may not be relied upon until they are confirmed using methods and standards that comply with those required by NI 43-101. Investors are cautioned that a qualified person has not completed sufficient work to classify the historical estimates as a current mineral resource. Neither the Company nor its personnel treat this data as a current mineral resource as defined under NI 43-101, nor do they rely upon them for evaluation purposes. However, this data was used to guide exploration as the Company develops data to support a current mineral resource estimate in accordance with the requirements of NI 43-101.
